

Mexico: Leadership Development

Did you know Mexico has 344 distinct people groups? 27 of these people groups are unreached with the gospel of Jesus Christ.

- 16 have no Bible in their ethnic language
- 15 are less than 2% evangelical
- 12 are completely unengaged with the gospel
- 0 churches among these 27 people groups

For many years Avant has had a strong presence in Mexico, helping to plant many churches among the Spanish-speaking population. However, there are still people groups in Mexico whose heart language is not Spanish that have seldom or never heard the gospel.

We praise God for His work in Mexico and the significant growth of the evangelical church. Now, national church leaders have the vision to take the gospel to the indigenous people groups in their country. They have asked for help to equip their people to go plant churches in these unreached areas, most of which can only be reached effectively by the Mexican people.

Avant is answering this request. Our missionaries are actively working with national pastors to disciple, mentor, and train leaders to be effective ministers of the gospel. Our goal is to help establish healthy churches and leaders to train believers and empower them to make Christ known among the 27 people groups in Mexico who have yet to hear the good news of Jesus.

In Romans 15:20-21 Paul declared that his aim was to preach the gospel in places where Christ was not known so that “those who were not told about him will see, and those who have not heard will understand.” It is our prayer that as leaders are trained and churches are established in the Word, those who have not heard of Him will see and understand.

Your gift today will bring training and resources to the Mexican national church so they can take the gospel to their people and plant churches where there is no church.

Budget List

Description	Cost
Resources (study materials)	\$22,400
National Team Honoraria	11,200
Training Event Expenses	6,000
Travel costs for leadership	19,700
Total	\$59,300
